RAIL RELIEF LEGISLATION URGED

NO MORE ELITE PRESENTED TO BRITISH COURT

American Debutantes and Their Mothers Barred
BY AMBASSADOR

Washington, April 11—(UP)—Joseph P. Kennedy, American ambassador to London, today put an end to the practice of introducing socially elite American women to the English court.

In doing so he probably qualified for the title of official killjoy No. 1 among wealthy and socially ambitious American debutantes and their mothers.

He closed the door to realization of one of the most cherished social longings—open to the socially elect of this country.

State department officials, while privately approving Kennedy's flat, anticipated respectful protests from American social leaders.

Kennedy added that hereafter the only presentations to the Court of St. James to be made by the American ambassador in London will be members of families of American officials in England, and members of the immediate families of those Americans who are not merely visiting in England, but who actually reside there for business or other reasons.

His decision was revealed in a letter to Senator Henry Cabot Lodge, Jr., R., Mass.

Mr. Kennedy said for the several years which former ambassadors had been saying privately for many years concerning headachings caused by the presentation custom.

"Dear Cabot," said Kennedy's letter to Lodge, "I find that before my arrival there had been correspondence with you regarding the presentation at court this year of a young lady from our state:

Numbers Limited

"There is, as you know, a very large number of applications each year, coming from all parts of the United States as well as from Americans residing abroad. It is not possible to meet the wishes of all those applicants, as the number of presentations which any ambassador is allowed to make at court is necessarily limited by the rules and regulations of the court itself.

"For many years this embassy has had the privilege of presenting between twenty and thirty American ladies each year, and the court is still disposed to receive as many American ladies as in the past. The number of American ladies presented

Rain-Filled Ditch Saves Farmhouse

Henry Tammen, farmer residing two miles west of town on the Jeffery street road, has a reason to be thankful for the abundance of rain in recent weeks.

The heavy precipitation created a sizable slough in a field near his straw stack and when the latter caught fire Sunday afternoon, one truck of the Kankakee fire department was dispatched to connect up its suction hose to the slough and pump water under pressure into the flaming stack. All farm buildings were saved.

Former President of Stock Exchange Sentenced to Pen

New York, April 11—(AP)—Richard Whitney, bankrupt broker and former president of the New York stock exchange, was sentenced today to serve five to 10 years in prison for grand larceny.

Whitney, whose brokerage firm, Richard Whitney & Company, failed on March 8, had pleaded guilty to two indictments charging first degree grand larceny in the misuse of securities entrusted to his care by the New York Yacht club and members of his family.

Judge Owen W. Bohan, in general sessions, sentenced Whitney to the five to 10 year sentence on each indictment, the sentences to run concurrently.

Whitney, who at no time since his financial crash stunned Wall Street—his firm had done considerable business for J. P. Morgan & Company—had shown any outward sign of emotion, took the words of Judge Bohan calmly. He will serve

All of 41 Republican Committeemen Make Final Appeal to Voters

"We appeal to all Republicans and everyone opposed to the dictatorship ambitions of the New Deal to use their ballots—the weapons of freedom and patriotism—for the purpose of nominating a Republican ticket that can win for them in November.

"Vote tomorrow for C. D. Henry for county judge, Hector LeBeau for county clerk, Fred Preisel for county treasurer, Dan Bergan for sheriff, Gilbert Willis for county superintendent of schools, and we shall win in November."

This was the final appeal unanimously made by the 41 Republican precinct committeemen of Kankakee county, who point out how important are the results of the primary to the fall election.

New Dealers' Subterfuge

"The New Dealers in this county," the committeemen emphasized, "are anxious to defeat as many of the regular Republican candidates as they can, because they know this would weaken the Republican ticket in November.

"They are anxious for the nomination of the men opposed to the regular Republican ticket because they are convinced this will help to continue New Dealism in this county."

Members of the county-wide committee pointed out that the men opposed to the regular Republican ticket are persons who have received many benefits from the voters in the past and have no right to ask for more and more especially in the face of a demand upon the party which requires fitness and qualifications in its candidates which they do not possess.

"The regular Republican ticket is a ticket for all the people, a ticket of new faces, representing all important racial, social and religious groups, a ticket with which the voters can unite in their fight against dictatorship and for a free America.

"The losing of any of these candidates from the ticket will sever an important connection with the public that will greatly weaken the remainder of the ticket.

Will Carry On Fight

"We, the Republican central committee, appeal to voters to nominate all of the regular Republican candidates because they are sincere, qualified, able-bodied and courageous, fit and willing to carry the fight against New Deal dictatorial policies directly to the people.

"We realize that the fight this fall will be a hard one, because all the resources of money and patronage which the New Deal commands will be unleashed in an attempt to continue its hold on the nation. Therefore we ask you to nominate a ticket able to win.

"A victory for the regular Republican candidates tomorrow will be your victory."

Manteno Patient Fractures Skull By Butting Wall

An inquest into the death of a young patient of Manteno state hospital who killed himself by butting his head against the wall was to be conducted this afternoon at the hospital by Coroner A. E. Kerger.

The dead patient is Edward Carrier, young voluntary patient from Cook county who died from a fractured skull last night. He had been in the institution only a few days.

Eleven Moros Killed in Fight with Troops

Manila, P. I., April 11—(UP)—Headquarters of the Philippine army disclosed today that 11 Moros, members of the warlike Mohammedan tribe, were killed in a battle with troops in the wilderness of Lanao province on Mindanao island. One soldier was wounded.

The Moros attacked an army detachment which recently destroyed their cottages in an attempt to suppress lawlessness.

The sentence in Sing Sing prison.

His attorney, Charles H. Tuttle, made a long plea for leniency. Judge Bohan, however, had before him a lengthy memorandum, prepared by Thomas E. Dewey, district attorney, recommending a "substantial punitive sentence."

Under the time off for good behavior system, a five to 10 year sentence can be completed in about three and one half years.

The first indictment to which Whitney pleaded guilty was procured by Dewey and charged the misappropriation of \$109,000 worth of securities belonging to the New York Yacht club, of which Whitney was treasurer.

The second, obtained by the office of State Attorney General John J. Bennett, Jr., charged misuse of \$105,000 in securities belonging to a trust fund set up by Whitney's father-in-law, the late George R. Sheldon for the benefit of Mrs. Whitney and her sister.

EDUCATION OF ADULTS IS TOLD WOMEN VOTERS

Mrs. Edith Hutt In Talk to League Saturday

PENSIONS, TOO

Adult education and the old age pension, with particular emphasis on this county, were the principal topics discussed Saturday afternoon at the meeting of the Kankakee County League of Women Voters in the mural room of the Hotel Kankakee.

Mrs. Edith P. Hutt, who recently severed her connection with the adult educational project here, described in detail this work with which she has been identified the past few years.

She said the work was not new but that when the relief situation became acute, case workers were called by the large numbers who could not read or write. This started classes, which have now developed into three types—business subjects, English and citizenship. In the latter classes men and women are prepared for naturalization. In this county eight people, all of whom were chosen from the relief rolls, have been instructing the various classes.

Have 3 Libraries

There have also been established three traveling libraries—Bradley, Manteno and Chebanse—where books are provided by the state library association.

A sense of humor and tolerance are needed in conducting this type of work, Mrs. Hutt said, and the most successful teachers have been found to be those from the same classes as the pupils. Special text books are provided by the government which are arranged to provide a practical education.

Seniors on Pensions

Mrs. Luella Tanner, county probation officer, stated that 820 persons received old age pension checks last month in this county, and since the law went into effect, 116 deaths have been recorded among the recipients. Of this number, 50 were buried by the state. She stated there is a shortage of help in this work since each visitor has 410 cases to look after and this does not enable them to give each case the care and attention necessary.

A survey of the county and city offices was made by Miss Frances Durand.

Mrs. Donald Radtke, vice president, had charge of the meeting. A partial report was made by Mrs. W. R. Hunter, chairman of the nominating committee. Election of officers will be held at the next meeting on May 14.

Hunter Dismisses Slot Machine Case

Joliet, Ill., April 11—(AP)—A case involving a slot machine and fatal injuries to Matthew Zimmerman was stricken from the circuit court docket today by Judge William R. Hunter.

Failure of the plaintiff, Catherine Mandel, to appear in court with an attorney resulted in dismissal of the action at the present term. She told the court she believed another lawyer had taken her case when her attorney, B. R. Anderson, became ill.

Catherine Mandel, administratrix of Zimmerman's estate, sued four persons for \$10,000 damages, claiming he (Zimmerman) was killed when the machine fell on him as he shook it in a fit of anger in June, 1934.

The suit charged the device had negligently been placed on slender and insecure supports. It further claimed Zimmerman began rattling the machine when it paid the "jackpot" to a one-nickel investor after he had inserted \$19 without result.

Defendants were Mary Zdrovovich, owner of the tavern where the machine was alleged to have been operated; Holm Glass, Florence Glass and Katherine Walsh, named as owners and operators of the machine.

Collectors Value

Such letters, it is said, probably will have a value for collectors. Local citizens can reclaim their souvenir envelopes by having friends in other cities mail back the originals to them.

In connection with National Air Mail week, local high school students have been invited to participate in an essay-writing contest on the subject, "Wings Over America," while any grade or high school student may compete in a state poster contest.

(Continued on page two)

An Open Primary

The primary election tomorrow is an open one.

Voters who cast a Democratic ballot in 1936 can call for a Republican ballot tomorrow. This is the ruling of Attorney General Otto Kerner.

State Legion and Auxiliary Heads

Two of the state American Legion leaders who will visit Kankakee on May 4 when Fred G. Fraser of Washington, D. C., national commander of the 40 & 8 society, comes here, are shown above. Mrs. Mabel Pantis of Highland Park, is state president of the Legion auxiliary. Pantis of Highland Park, is state president of the Legion auxiliary. Fraser, a former Ashkum boy, is a nephew of P. A. Vadboncoeur, superintendent of the county farm. A big reception is being planned for his visit here, which will probably be his only official appearance in Illinois this year, according to Albert Stearman, head of the local 40 & 8.

Think Phones to Be Normal By Friday

By Friday it is expected that telephone service will be restored to normal in the Kankakee county area, it was announced today by J. L. Tincher, manager of the local exchange.

Work on rural and long distance lines also is being continued, he said, and service will be restored as soon as possible.

Describing the recent storms as one of the worst in the history of telephone service in this county, Mr. Tincher said that repairmen tools and materials have been rushed here from other parts of the state to repair the damage.

Ten heavy trucks, each with a crew of six men, and twelve light trucks each with two or three, have been at work since the first day of the storm, in addition to local workers.

Mr. Tincher said there have been more than 1,000 cases of trouble on lines in this area in addition to trouble on the long distance lines.

Hero of Wrecked Steamer Mourned

New York, April 11—(AP)—Saved by the timely arrival of three tankers, 29 of the 31 crew members who survived an explosion aboard the Greek steamer Mount Kyline mourned today the death of the hero whose ingenuity accomplished their rescue.

The explosion—its origin still undetermined—split the Kyline in two 200 miles north of the Azores Saturday morning.

Radio Operator Papa Theodorou quickly rigged up an emergency wireless set aboard the floundering forepart of the vessel and sent out SOS calls that brought the three tankers, the Kaia Knudsen, Inverlee and Athelston, to the scene.

The last man to leave his post, Theodorou drowned when he leaped for a lifeboat and missed. Heavy seas prevented his rescue.

The second victim, according to reports to the Radiomarine corporation, apparently was killed in the explosion.

500 Farmers to Meet Friday at Chebanse

Five hundred Iroquois and Kankakee county farmers are expected to attend a joint meeting at the high school building at Chebanse Friday evening at 7:45 o'clock.

George Metzger, field secretary of the Illinois Agricultural association, will be the speaker. He will summarize the information recently prepared by the department of statistics and information of the association relative to U. S. trade relationships.

Iroquois County Milk is Infected

Watseka, April 11—(RN Special)—Undulant fever has again made its appearance among Iroquois county people, it was reported today by the Farm Bureau, which said the disease is oftentimes difficult to recognize by a physician.

The disease is contracted by using milk infected with Bang's disease. The Farm Bureau said approximately 30 per cent of the cows in Illinois are infected.

Hunting Club East of City Raided; 2 Held

Chicago, April 11—(AP)—E. C. Wel-jowley, district supervisor of the alcohol tax unit, announced today the arrest of two men and seizure of \$10,000 worth of liquor-making equipment in a raid on a barn on the grounds of the midwest hunting club, near Kankakee, Ill.

The two arrested, Nick Kouchis of Chicago Heights, and French C. Crence, of Lake Village, Ind., were scheduled to be arraigned later today before a federal commissioner in Hammond, Ind.

The agents seized a 750-gallon still, a 400 gallon re-cooker, 2,400 gallons of mash, 220 gallons of alcohol, an automobile truck and other equipment.

Samuel Lathrope, Kankakee Pioneer, Dies in California

Samuel Lathrope, 97, one of the pioneers of Kankakee who formerly lived on the south side, died April 2 in Los Angeles from a heart attack. Death came suddenly as he was active to the last day and was with his adopted daughter when death occurred.

Mr. Lathrope came to the United States after the close of the civil war and settled in Kankakee where he was a building contractor, erecting many of the homes of the city. After the death of his second wife in 1923 he moved to California.

He is survived by a nephew Frank Lathrope of Kankakee and by Grand nieces Miss Frances Lathrope and Mrs. Marion Blackmore, also of Kankakee, and by a sister in England.

Mr. Lathrope was a close personal friend of former Gov. Len Small.

Must Serve 30-Day Jail Sentence for Contempt

Washington, April 11—(AP)—Dr. Francis E. Townsend, author of the Townsend plan to pay \$300 a month to the aged, failed in the supreme court today in his effort to escape a 30-day jail sentence imposed for contempt of a house committee.

The tribunal refused to review a decision by the United States court of appeals for the District of Columbia upholding the jail sentence and a \$100 fine.

Townsend, 71 years old, walked out of a house committee session on May 21, 1936, after making a statement that the legislators were "unfriendly" and "unfair." He said he did not "propose to come back except under arrest."

"Insulting Questions"

He told the supreme court that the United States district court for the District of Columbia, where he was tried, had refused to permit him to refute government evidence that his departure was prompted by "bad faith or evil intent."

He contended that the questions asked by the committee, which was investigating his old-age plan, were "almost wholly of an abusive, insulting or personal tenor."

The court set aside the murder conviction of Joe Hale, Kentucky Negro, on the ground that members of his race were excluded from juries which indicted and tried him.

In an order read by Chief Justice Hughes, the court reversed his conviction by the McCracken county circuit court. The conviction was upheld by the Kentucky court of appeals.

Under the high tribunal's action, a new trial will be necessary if the state goes ahead with the case.

Adjourn for Two Weeks

Only one word was employed by the tribunal in making known its Townsend action. That was: "Denied."

In other actions before adjournment for two weeks, the court: Agreed to review a petition by the

(Continued on page two)

THE WEATHER

(Monday, April 11, 1938)
Hourly temperature readings from 1 o'clock Sunday afternoon to noon today are:

High at noon 60, low at 5 a. m. 41.

Sunset today at 6:25, sunrise Tuesday at 5:16, sunset at 6:36, moon sets at 3:52 a. m. Tuesday.

Partly cloudy tonight and Tuesday; not so cool in central and south portions tonight; cooler in central and north portions Tuesday.

ICC COMMITTEE PROPOSALS ARE SENT CONGRESS

President Submits Recommendations in Message

AN EMERGENCY

Washington, April 11—(AP)—President Roosevelt asked congress today for "some immediate legislation" to forestall prospective operating difficulties of the railroads, but made no specific recommendations.

He gave the legislators a strong hint, however, that he believed any long-time legislation should provide for incorporating all executive agencies dealing with transportation in one department.

This, he said, "would seem to be the part of common sense."

At the same time he sent to the legislators the report of the three-man committee of the interstate commerce commission he had asked to study the railroad situation and comments made on the report by Secretary Morgenthau, Chairman Jesse H. Jones of the reconstruction corporation, railway executives, labor officials and others.

Methods of Relief

This report recommended as methods of affording immediate relief:

"That \$300,000,000 be made available from government funds for purchasing railroad equipment, the equipment to be the security for advances.

"That the RFC be empowered for 12 months to make railway loans without certification by the interstate commerce commission that the railroad can meet its fixed charges.

"That other forms of government credit be considered.

"That government traffic pay the full rate by eliminating land grant reductions.

The committee members—Commissioners Walter M. W. Egan, Joseph B. Eastman and Charles D. Mahaffie—said they did not feel justified in expressing an opinion on whether railroad wages should be reduced.

The comment of Secretary Morgenthau regarding the report expressed disappointment, terming it an "over-cautious approach to the pressing national problem of transportation" which he said "can only intensify the need for drastic action at a later date."

(Continued on Page Two)

Elect Donovan Man Beekeepers' Head

Clifton, April 11—(RN Special)—H. S. Hilkut of Donovan was elected president of the Tri-County Beekeepers' association in the recent 11th annual meeting here.

Other newly elected officers are J. N. Kouts of Buckley, first vice president; Lester Edwards of Piper City, second vice president; A. Kast of Kankakee, third vice president; W. W. Kouts of Buckley, secretary-treasurer.

Recession Hurts Railroads More Than Depression Did

The railroads have been hit harder by the recession than by the depression, according to Z. G. Hopkins, representative of the Western Railways' committee of public relations, who addressed the Manteno Rotary club this noon on the plight of the nation's most important carrier.

"Four dollars in added outgo for each three dollars in added receipts, long continued, would bring any business to the brink of bankruptcy," Hopkins declared. "That illustrates exactly the experience in the railroad industry the past five years."

"Railroad operating expenses and taxes in the first two months of this year were \$108,132,106 more than in the corresponding months of 1933. This was 33 per cent more than the increase in revenues and resulted in railroads in western territory falling short of earning their operating expenses and taxes in January and February by \$7,824,531, and the greatest deficit in net income in January for any month in history.

Traffic Increases

Hopkins pointed out that this was in spite of the fact that railroad traffic has been greater this

year than in 1933. He blamed public policies for the railroads' difficulties. Because of direct and indirect subsidies, he said, competitive carriers are able to furnish service at rates lower than they otherwise could afford.

If railroad service is to be self-supporting, revenues must be increased either through added traffic and higher rates or by reducing operating expenses. The latter is undesirable because it would mean reduction in labor costs, which comprise two-thirds of the total, according to the speaker.

"Removal of Restrictions

CHINESE READY FOR OFFENSIVE ALONG YANGTZE

Objective Will Be the Recapture of Nanking CLAIM VICTORY

Shanghai, April 11.—(UP)—Chinese said today they were preparing a drive toward the Yangtze river in an effort to retake Nanking, the capital they lost to Japanese December 11.

Reporting new sweeping victories along the Tientsin-Pukow railway and Tientsin-Pukow fronts, the Chinese say these asserted victories as inspiration for a new offensive.

A strong Chinese force along the Tientsin-Pukow line, awaiting an expected Japanese drive northward against Hanow, was reported ready to change its tactics and strike out toward Peking, about 100 miles north of Nanking.

Chin Chinese Reported

Japanese acknowledged three Chinese attacks in the vicinity of Peking but said they were repulsed and that Chinese losses were heavy.

Heavy Japanese reinforcements were poured into Shantung province yesterday from North China and a threatened isolation of Japanese legions along the Tientsin-Pukow railway.

Far in the south, Japanese bombed Canton Sunday. More than 100 persons, including many girl workers in a weaving plant, were reported killed.

Chinese forces from Suiyuan province operating along the Peking-Shan railway reported they had captured the important railway town of Tuoehing.

An outbreak of guerrilla fighting in the Shanghai section left 50 Chinese corpses strewn along a highway after 100 Chinese in plain clothes unsuccessfully attacked the Chinese railway station at night.

Fleeing Dust Troop

Some of the survivors of a terrific dust explosion that roared through the huge \$4,000,000 New Orleans public grain elevator are pictured above being helped down ladders by rescuers. At least four

Voting Places in Tuesday's Primary for Kankakee Town

The polls for tomorrow's primary election will be open from 8 o'clock in the morning to 5 o'clock in the evening. The 18 polling places in Kankakee township are as follows:

First ward, first precinct—Porter plumbing shop at 256 East Chestnut street, second precinct—Forest hall at 704 North Dearborn avenue.

Second ward, first precinct—Mortell building at 323 East Station street, second precinct—public library at Station street and Indiana avenue.

Third ward, first precinct—west side fire station, second precinct—Paul Winkler garage at 425 West Bourbonnais street.

Fourth ward, first precinct—Frank Jones garage at 211 Water street, second precinct—Goble coal office on West Water street at the Illinois Central railway.

Fifth ward, first precinct—Jordan second hand store at 247 West Court street, second precinct—Lafayette school.

Sixth ward, first precinct—Lark's garage at rear of 168 South Chicago avenue, second precinct—Mrs. Del Wadley's garage at 703 Lincoln avenue, third precinct—Balding shop at 1154 East River street, fourth precinct—Wetmore garage at 246 South Elm avenue.

Seventh ward, first precinct—Fox & Doty implement shop at 602 East Court street, second precinct—Lecky garage at 704 North Greenwood avenue.

First country precinct—Kjeldson garage at 1292 West Station street, second country precinct—Joe Stitt garage at 1805 East Court street.

Personal

Dr. J. W. Bancroft has returned from Grouse where he has been visiting his father George Bancroft. Paul Byron spent today in Chicago on business.

Mr. and Mrs. Kenneth Smith and son of Waukegan spent Sunday here with her parents Mr. and Mrs. Roy D. Taylor.

Mr. and Mrs. Finley Leech spent the week-end in Waukegan and home with relatives.

Miss Edna Meyer of Ashkum shopped here Saturday.

Miss Zula Boyer of Redick spent Saturday here on business.

Miss Edna Gull of Brock, Ind. spent Saturday here shopping.

Mrs. Lillian Heise visited friends here on Sunday.

Mrs. Vera Hootman and Mrs. Catherine Sampson of Galesburg spent Sunday in Kankakee with friends.

Mrs. Charles Hall of Chicago spent the week-end with her parents Mr. and Mrs. A. R. Vandervort of 904 South Fourth avenue.

Mr. and Mrs. Rush Huff spent Sunday and today in Chicago where Mr. Huff is attending a meeting of opticians.

Wayne Hunter is a new employee at the McCallan store. Miss Helen Cornwell resigned her position there Saturday.

Mrs. Maude Heider of Chicago was the weekend guest of Mrs. Earl Young of 793 North Rockwood avenue.

Mr. and Mrs. William Reubens spent Sunday with Mr. Reubens' parents Mr. and Mrs. Joseph Schroeder in Martinton.

Mrs. F. M. George of Danville was a Kankakee visitor Saturday.

Mrs. W. H. Whitsett of Danforth spent Saturday here shopping.

Mrs. Margaret Belden is spending a few days in Chicago with relatives.

Mr. and Mrs. Ed McIntyre and daughter Esther and son Leonard and Mr. and Mrs. J. J. Dury Jr. visited with Mr. and Mrs. William Wideman in Danville yesterday. The Widemans were observed there last night at Chautauque in a clash between opposing political parties.

Puebla, Mexico, April 11.—(UP)—Eight persons, including a woman, were killed and four injured last night at Chautauque in a clash between opposing political parties. Government troops restored order.

FIVE BURNED TO DEATH WHEN 2 AUTOS COLLIDE
Yakima, Wash., April 11.—(UP)—Five persons were burned to death today when two automobiles collided near here. The dead: Mrs. Verna Thew and her four children, Eugene, 6, Helen, 8, Marion, 4, and Douglas, four months.

Negotiate For Mexican Oil

Francis W. Rickett (left), British financier, and Bernard E. Smith (right), wealthy New York broker, are shown after arriving at Newark, N. J., by plane after a series of conferences with Mexican officials. Rickett issued a statement in which he said he was "hopeful of a satisfactory outcome" to negotiations for the purchase of oil produced by American and British-owned properties recently seized by Mexico.

Momence Revival Is Extended Week Home Furnishings Expert at Watseka

Revival services at the First Baptist church of Momence will be extended for another week. It was announced today by the Rev. Harold W. Menza, pastor.

His uncle, the Rev. James Ostrom of Champaign, who is conducting a special branch on ship covers to the evangelistic services, announced the text for his nightly services this week as follows: Monday—A Life in Time with God; Tuesday—Does It Pay to be a Christian? Wednesday—How May We Know Whether We Have Repented; Thursday—What Do People in Hell Believe? Friday—How Are Souls Born Again?

Watseska 4-H Club in Reorganization

Watseska, April 11.—(RN Special)—The 4-H club of Watseska recently held its reorganization meeting at the Watseska Hotel.

John Palliser and Stanley Goke were elected board members, and assistant respectively. Other officers elected are William Fowler, president; Clarence Corke, vice president; Milton Williams, secretary-treasurer; Jack Fowler, reporter; Denton Margery, recreation leader.

CELEBRATES BIRTHDAY

Washington, April 11.—(UP)—Chief Justice Charles Evans Hughes of the supreme court celebrated his 76th birthday today.

He planned no special celebration. In February Hughes celebrated his eighth year as chief justice.

FOR COUNTY SUPT. OF SCHOOLS GILBERT A. WILLIS

Being a patriot means being a real citizen, taking an active interest in your government, working for your party and voting intelligently.

Your party should be the party that guarantees peace, liberty, your protection, happiness and welfare. Such is the Republican party.

Voting intelligently means voting for men who stand for the principles of your party and will help enforce them, who are physically able and have the courage to fight the dictatorship policies of the New Deal. Such are the regular Republican candidates for Kankakee county offices.

VOTE THE REGULAR REPUBLICAN TICKET AT TUESDAY'S PRIMARY ELECTION

Kankakee County Republican Central Committee.

DAADIER WILL FACE BIG TASK AS PREMIER

Hoping to End Differences with Italy

SEEKS POWERS

By JOHN LYNN

Park, April 11.—Quick efforts to end differences with Italy were predicted in parliamentary quarters today when the Italian government of Benito Mussolini was said to be planning to fall in line with the British conciliatory policy.

It is suggested that in return for the Italian government's agreement to keep out of Spain after the war is ended and send no further troops to the fighting, the British government is willing to grant the Italian government the powers of a full-fledged government in Italy.

The agreement would be followed by appointment of a French ambassador to Rome, to replace the present chargé d'affaires. The Italian government has never been so close to France as it is now.

Conservative circles in Italy are expected to be especially pleased with the agreement, which is viewed as an ally to the Italian government.

Strikes and France's financial position, estimated at 1,000,000,000 francs (about \$375,000,000) a week ago, are expected to be a relief to the Italian government.

The Italian government has been able to solve the metal workers' strikes about Paris, which have been a source of trouble to the French government.

The Italian government has been able to solve the metal workers' strikes about Paris, which have been a source of trouble to the French government.

Ask for a Republican ballot and vote for these candidates who are willing and able to carry the fight directly to the people against the New Deal.

Easter Cruise

CHAPTER V
Joyce returned to the Empress on the 8:30 tender. It had been a delightful day ashore, in spite of Mrs. Porter.
She went to her cabin considering a brief rest before dressing for dinner. But she found a note on the table. It was from Dick. "Joyce," she read, "you meet me in the indoor swimming pool at 8 o'clock." She did not need the signature to tell her that it was from Dick.

Immediately the thought of it was forgotten, as when she decided quickly, would be far more refreshing after a warm day ashore. She found him alone in the blue tile tank, watching for her.

"Come on in!" he invited cheerily. "The water's fine."

"Cold?"
"Warm as your own bathtub, after your swim," he said.

She walked around to the ladder. "It's always the getting wet that hurts," she said. "But you're quick. And as she swam the length of the pool, warming up, she took her first swim."

"Boy! he cried appreciatively. "You swim like a fish!"

"I ought to. They threw me in the ocean before I could walk." They dived around the pool, matching each other's strokes.

"I thought we were all going to drown today," he said finally.

Joyce hesitated to speak of Mrs. Porter's trickery. After all, it might have been an error. So she explained vaguely: "There was some mixup in the cartage."

For the moment he was out of the corner of his eye, speculatively. "You're a cold, speculatively," he declared at length. "I don't understand you at all. But I've got to take one more swim."

He had popped out of the water, and she called eagerly, "Love to!"

"Thank you and I'll be back," Tim told her. "I'll be back in five minutes. I'll be back in five minutes."

She takes me back to my first year at the Mid-Ocean Club. I'll be back in five minutes. I'll be back in five minutes."

"A friend in New York gave me a special gift," she said. "It's a special gift."

"There's usually a good crowd out there," he said. "It's usually a good crowd out there."

"We haven't much time to dress and dine," Joyce pointed out. "We haven't much time to dress and dine."

"I'll be back in five minutes," he said. "I'll be back in five minutes."

"I'll be back in five minutes," he said. "I'll be back in five minutes."

"I'll be back in five minutes," he said. "I'll be back in five minutes."

"I'll be back in five minutes," he said. "I'll be back in five minutes."

Seven and a Half Billions Needed; Naval Expansion

Washington, April 11—(P)—Senator Bone (D-Wash.) told the senate naval committee today present naval expansion programs would call for expenditure of \$7,500,000,000.

Bone brought out this estimate in questioning William Griffin, editor and publisher of the New York Enquirer, who testified in support of the pending \$1,121,000,000 navy bill.

Griffin said the proposed billion dollar expenditure would be "the best investment Uncle Sam ever made."

The New York editor, who toured Europe last year, said David Lloyd George, war-time premier of England, told him "everything points to a new war" in Europe this summer. He said Lloyd George told him the United States might have halted the world war by forcing a peace conference in 1915 or 1916 if it had been prepared with a large navy, army and air force.

President LeBrun of France blamed the Hoover debt moratorium for France's failure to pay her obligation to the United States, Griffin said. Griffin told the committee that Lord Robert Cecil predicted England would never pay her war debt to the United States.

Dean Thomas H. Healey of the school of foreign service of Georgetown university, told the committee that prospects for world peace are brighter now than they have been for years.

Healey opposed the naval expansion bill.

Over Billion More Needed for Relief

Washington, April 11—(P)—President Roosevelt and congressional and departmental leaders agreed today to \$1,250,000,000 appropriation would be needed for work relief for the first seven months of the fiscal year beginning July 1.

The appropriation, to be recommended in a special message to congress in the next few days, would be for WPA alone. It compares with a budget estimate of \$1,000,000,000, submitted to congress in January to cover the entire new fiscal year and \$1,750,000,000 being spent for WPA and other relief activities this fiscal year.

The White House conference also agreed an additional \$50,000,000 should be appropriated for the civilian conservation corps for the next fiscal year. This would enable the CCC to maintain its existing 1,250 camps. Otherwise, Democratic leaders said, 300 camps would have to be abandoned July 1.

Senate Leader Barkley, speaking for the conferees, said the conference did not discuss the proposed expenditure of \$1,500,000,000 for "pump priming" public works. He said this would be taken up later. Some advisers have recommended it.

New Exchange Head

William McChesney Martin, Jr. (above), 31, a Yale graduate of 1928, was mentioned as a leading candidate for chairman of the governing committee of the New York Stock Exchange. Under the reorganized setup of the exchange, the chairman will be the highest elective officer. The presidency will go to an outsider.

to the president. Barkley said the \$1,250,000,000 for work relief would be earmarked for WPA alone with the understanding that it must last until February 1, 1939.

He said the increased fund would preserve WPA rolls at approximately 2,600,000. Without the added money, he said, 400,000 persons would have to be cut off the rolls.

Labor leaders and the United States conference of mayors have

contended 3,500,000 persons would have to be given jobs. Asked about this, Barkley said any additional needy unemployed over the present enrollment of 2,600,000 would be taken care of under the pump priming program.

He added when congress returned in January it would be able to ascertain what the needs were beyond February 1.

"We are simply preserving the situation as it is," he said. "None of this program is pump priming."

Senator Byrd (D-Va.) has criticized the use of public works in an attempt to "prime the pump" of business. He declared it offered only "a transient and artificial prosperity."

Representative Snell of New York, Republican leader in the house, also attacked "run-away spending."

"All the fears and uncertainties harassing business arise primarily from the disturbing budget outlook," Snell said.

G. P. Snedaker was in Chicago on Monday attending the funeral of Rev. W. H. Craine, formerly pastor of First M. E. church in Kankakee. While Dr. Craine was attending Hedding college he found

a home with Rev. G. B. Snedaker, father of the Dickinson pastor. The percentage of airplane mobility has shown in the development of twin propellers, mounted

tandem style eight inches apart and whirling in opposite directions. This method is said to reduce the size of the blade by half.

Moose are given the right-of-way on some Alaskan railroads.

A NEW LEADER...

IN CONGRESS RUSSELL GUIN

REPUBLICAN—18th DISTRICT

THIS CANDIDATE REPRESENTS ALL YOU HAVE HOPED FOR IN POLITICS BECAUSE...

He comes from a farm family that still resides on the same farm where he spent his youth and who received that land from the government as pioneers.

He has built a successful business on his knowledge of farm problems and their solutions. He believes farmers should have equal opportunity with industry in prices they receive for their products. He will support all legislation that will improve his own district.

He is a World War veteran who knows what war is. He does not want this country involved in foreign wars but he does want it adequately prepared to defend itself.

He is endorsed by farm, labor and business organizations in Vermilion county and they are supporting him in his race for Congress because they believe Russell Guin is a man who can represent them in Washington without taking two years to find where to hang his hat.

WE CAN WIN WITH GUIN THIS FALL

"There is no mystery about that! I always had some ready money at the 'City Banks,' and when I started in business it was a 'CITY BANKS' Loan that really started me off!"

"Say, old man, in the last few years you have built up one of the most successful business in Kankakee. What is your success due to?"

"You ought to get wise, Bill! and make the 'City Banks' your banking home. You can't get anywhere without a good banking connection!"

- Commercial Department— which take care of all commercial banking
- Savings Department— A safe and convenient place for your savings
- Safe Deposit— Large modern vaults for the protection of your valuable bonds, mortgages and papers
- Trust Department— Takes care of estates, collects rents; holds wills in safe keeping
- Loan Department— Our loan department has been making personal and business loans for over 48 years to the people of Kankakee
